

SP-R-SPD

Single-phase Automatic Reset PEN Fault Protection with Type A RCBO and Type 2 SPD.

The SP-R-SPD single-phase protection device offers a compliant, simple, single connection centre, for EV charge point installations, allowing connection to the existing TN-C-S earthing facility without the use earth electrodes. Designed to facilitate compliance with BS:7671 2018, Amendment 2: 2022 Regulation 722.411.4.1 (iv).

The device comes complete with Type A RCBO and Type 2 SPD giving total protection on your EV charge point installation.

Product Features and benefits

- Built in matt:e PEN Fault Protection
- NO EARTH ELECTRODES REQUIRED
- Helps reduce disruptive and costly groundworks
- Removes the risk of striking buried services
- Simple wire in wire out connection
- Over current protection
- 40A Type A RCBO
- Type 2 SPD
- Standard 1 Year parts warranty
