

BRACKET FOR TWO DIN CHARGING BOXES

COMPATIBLE WITH CHARGESTORM® CONNECTED

The bracket is compatible with the CHARGESTORM® CONNECTED charger and allows two charging boxes to be fitted to a post. The bracket is mounted on an existing 60 mm post or a post can be purchased via CTEK E-Mobility. The charging box is fitted to the bracket with four bolts which are supplied. The bracket is fixed to a 60 mm post with three bolts which are supplied. This bracket is designed for two charging boxes.

This bracket is intended for two charging boxes fitted back to back. The bracket also has an internal DIN rail which allows the feed and the network connection to be fitted inside the bracket. The terminal block for the DIN rail is not included.
